

New Teacher Webinar Series Ideas

- We added a new section onto the Professional Learning Blackboard Page called “MSDE New Teacher Professional Learning Resources.”
- Brainstorm things we can add on the page.
- Once we finalize ideas for the new teacher webinar series, then we can have a meeting with content. Some have said they would be willing to host a webinar.

Ideas from Induction Coordinators (9/23/14):

- 3-5 minute clips with strategies and how you use them
 - Ex: Teach Like a Champion (engagement strategies)
 - They need to look like our own students.
 - Blended classroom – pull in content strategies
- META-TAG based on the Danielson Framework (Joni Burkhart from Washington County has some great teachers to present this)
- Differentiated instruction – how do I write a lesson? (UDL)
- Equity
- Socio-emotional learning
- Materials from the Regional Follow-ups
- Formative Assessment
- LGBTQ – understanding who is in your classroom (Lynne Muller, Richard Scott – MSDE)
- META-TAG based on the TPACK diagram (Knowing, content, self, pedagogy, learner)

- Co-teaching/co-planning
- Parent conferences/communication (Larry Johnson, Charles County – UDL)
- Technology to communicate with parents effectively and positively
